Champion Shuffleboard revolutionized the industry in 1988 by developing the original "Lifetime Polymer" finish. This coating is applied directly over the Canadian Maple plank to provide a fantastic playing surface that NEVER requires re-finishing.

Designed not only for the player, but also with the operator in mind... our built-in handicap feature makes this a better game to play and speeds up the play time therefore creating more revenue.

Remember... We're not just manufacturers... We're also players (Shufflers)!
