

SPIDER360 2000 SERIES ELECTRONIC DARTBOARD MACHINE

\$3,999.00

2000 SERIES PREMIUM ELECTRONIC DARTBOARD

THE OFFICIAL DARTBOARD OF CHAMPIONS BY [SPIDER 360](#)

Engaging in dart play can be a great stress reliever, and what better place than your "man-cave", after a busy day on the job.

Launch a game and immediately begin to get your mind off work with a mental and physical breather.

Whether playing by yourself, practicing to improve your eye/hand coordination, boosting your ratings and confidence to go with it, or competing against family and friends, now you can play on the dartboard of choice by champions around the planet, in your very own home.

The Sport of Darts has been a popular competition for hundreds of years. We didn't invent it. We reinvented it with electronic scoring to increase engagement focus, comradery, and entertainment.

In addition to being the Originators of the soft-tip dart sport, we continue to be the pace-setting innovators, always interested in you, the player.

To make our products even more distinguished and accessible to champions in the home, we've developed the Spider Home Series for the homebuyer only interested in the best.

KEY PRODUCT FEATURES:

- The Leaderboard™ is an online global ranking system based on your individual skill level by tracking your Marks Per Round (MPR) or Points Per Dart (PPD). You can test your skills and get ranked by seeing your name or nickname displayed on all Spider Series dart games and on the mobile app. When you register your dart game you will receive the first 3 months for free, \$1.99 per month thereafter. [Click for more info.](#)
 - Test your skills by playing the built-in computer known as **Mark Dart™**. Mark has the ability to adjust to your style of play or teach you to be a better dart player by watching how he plays the game. You can also play up to 3 players and have Mark be the fourth. *(Mark is included with your purchase of an S2000.)*
 - Mark's Skill Levels
 - 1-Amateur (1.5-2.0 MPR),
 - 2-Intermediate (2.1-2.5 MPR),
 - 3-Skilled (2.51-2.99 MPR) and
 - 4-Master (3.0-5.0 MPR).
 - Spider 360 will have you ready in no time to go out and take on the challenges of real leagues and tournaments set up by your local Operators.
