

Kentucky Derby Horseracing Game

\$126.00

Across the Board is thrilled to introduce the official licensed board game – the [Kentucky Derby](#) horseracing game! The original Across the Board horseracing game has been redesigned to replicate the Greatest Two Minutes in Sports! A beautifully handcrafted oval race track brings the excitement of [Churchill Downs](#) to your living room!

With our horseracing board game, everyone can be a winner when the racetrack is in your own home. This simple and exciting horseracing board game can be played with both small and large groups!

Our horseracing gametop version includes a maple veneer game board. Approximate dimensions are 15 ½" x 28" x ¾". Game weighs nearly 8 lbs.

To play the Kentucky Derby board game, line up the horses at the starting gate, deal the cards and begin rolling the dice to scratch horses and start building your "pot". The remaining horses race to the finish line. Hold the winning horse's card and you win!

The game board is a maple wood veneer playing surface built for longevity. Metal eyelets are inserted into each hole to protect the game for decades of entertainment. Breathe easy, the game is finished with an environmentally friendly water-based clear acrylic.

INCLUDES:

- Playing Cards
- Pair of Dice
- 11-Numbered Metal Horses!
