

HOT FLASH

Starting at \$5,645

For the Home Game Room wanting that authentic touch, or the location where durability and quality are a necessity – but coin operation is not. The black light table that started it all is available in a non-coin edition. Frequently imitated, never duplicated. Only Hot Flash combines that unmistakable UV reactive glow with the quality and playability that have decades-old Dynamo products still playing every day.

- The same cabinet construction, components and current updated graphics as the Coin model table
- Patented "Dyna-Blast" blower system delivers fast, nonstop action
- UV coated playing surface and blacklight graphics for visual excitement
- Tournament-tested rails ensure accuracy and reliability
- Easy-to-read overhead LED scoring display
- Fun and exciting colors and graphics
- Smooth-corner top rails, powder coated for durability
- Common components and electronics shared with other Dynamo tables makes for ease of service and fewer parts stocked.
- Simple programming, PCB easily accessed through side-mount service door.
- Impact-resistant laminate playfield – for long life and simple replacement.
- Proven long-life commercial-grade cabinet construction. A Dynamo table is an investment in quality.
- Safe rounded top-rail design – no corner protectors needed
- Trap door for leg storage during transport
- (LED under lighting has been enhanced for this photo and may appear different in person)
- ETL and CE approved
